

## **BACK TO LIFE**

Central Live

### **VERSE 1**

Whispers in a barren land  
Dry bones in the desert stand  
One touch from Your mighty hand  
Life is springing up from the sand

### **PRECHORUS 1**

And in the darkest night  
And in the troubled times  
When I'm all out of fight  
You're the force that keeps hope alive

### **CHORUS 1**

Only You hold everything in Your hands  
Only You are the beginning and end  
Only You can make the wrong things right  
Only You can take what's dead and bring it back to life

### **REFRAIN 1**

Bring it back to life  
Bring it back to life  
Bring it back to life  
Only You can take what's dead and bring it back to life

### **VERSE 2**

One breath is all it takes  
I hear Your voice and come out of that grave  
Dead men hear the word of the Lord  
Rise up, move on, go forth

### **CHORUS 2**

Only You hold everything in Your hands  
Only You are the beginning and end  
Only You can make the wrong things right  
Only You can take what's dead and bring it back to life

### **REFRAIN 2**

Bring it back to life  
Bring it back to life  
Bring it back to life  
Only You can take what's dead and bring it back to life

**BRIDGE 1**

And in the darkest night  
And in the troubled times  
When I'm all out of fight  
You're the force that keeps hope alive

**BRIDGE 2**

And in the darkest night  
And in the troubled times  
When I'm all out of fight  
You're the force that keeps hope alive

**CHORUS 3**

Only You hold everything in Your hands  
Only You are the beginning and end  
Only You can make the wrong things right  
Only You can take what's dead and bring it back to life

**REFRAIN 3**

Bring it back to life  
Bring it back to life  
Bring it back to life  
Only You can take what's dead and bring it back to life
