

YOU DO MIRACLES

Central Live

VERSE 1

You heal the blind, the sick, the lame
Bring the deaf to hear again
Teach the mute to sing a song they never sang
You turned water into wine
Calmed the storm before my eyes
God, there's so much power in your name

PRECHORUS

Why would I ever doubt
You can do it now

CHORUS

You do miracles, each a work of art
Echoing the wonders
Of how great You are
You work miracles, God that is Your heart
All the earth will sing of
Just how great You are

VERSE 2

You weren't burned by any flame
Rolled the stone back from the grave
Fed the thousands with a simple offering
Only you could part the sea
Make a shepherd boy a king
There's no reason I should doubt it
You would do all this for me

CHORUS

You do miracles, each a work of art
Echoing the wonders
Of how great You are
You work miracles, God, that is Your heart
All the earth will sing of
Just how great You are

REFRAIN

How great You are
How great You are
All the earth will sing of
Just how great You are

REFRAIN

How great You are
How great You are
All the earth will sing of
Just how great You are

BRIDGE

You bring captives into freedom
You are with me in the pain
You will walk with me through valleys
You will always make a way
If You're with me in the morning
You'll be with me in the night
I don't want to take for granted
When I open up my eyes

BRIDGE

You will always go before me
You will always go behind
When I'm fighting in the battle
You are standing by my side
It's the story that I'm living
It's the story of Your grace
It's a miracle I'm breathing
It's a miracle to praise

CHORUS

You do miracles, each a work of art
Echoing the wonders
Of how great You are
You work miracles, God that is Your heart
All the earth will sing of
Just how great You are

REFRAIN

How great You are
How great You are
All the earth will sing of
Just how great You are

REFRAIN

How great You are
How great You are
All the earth will sing of
Just how great You are
