

BREATHE ON US

Central Live

VERSE 1:

I want to be emptied
Of anything that leaves me empty
I want to be open
To everything that You have for me

PRECHORUS:

Where else could I go
To satisfy this soul

CHORUS:

Breathe on us
Fill us fresh again
Fill our hearts with a trust that stands
The harshest storm or the fiercest wind
O God I know You can
Breathe on us again

VERSE 2:

O Lord You see me
And all the ways my life needs healing
I know you're moving
The evidence is all around me

PRECHORUS:

Where else would I go
You satisfy my soul

CHORUS:

Breathe on us
Fill us fresh again
Fill our hearts with a trust that stands
The harshest storm or the fiercest wind
O God I know You can
Breathe on us again

BRIDGE:

Right now as we seek Your face
Your power it fills this place
Glory and all the praise
Only to Your holy name
Right now every fear erased

Your presence is the safest place
Glory and all the praise
Only to Your holy name

Right now as we seek Your face
Your power it fills this place

Only to Your holy name
Right now every fear erased
Your presence is the safest place
Glory and all the praise
Only to Your holy name
